

Welcome your visiting

CHIUAN-YE+U

INDUSTRIAL CO., LTD

全友工業股份有限公司

About Us

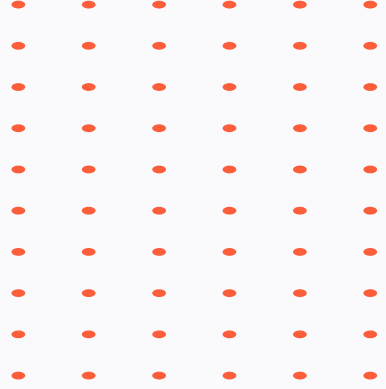

Founded in 2019, upholding the belief of being the most trustworthy partner for customers, Chiuan-Yeou provides quality guarantee and innovation for product.

From wire , heading, threading, heat treatment, plating, until packaging processes, each process is strictly inspected by QC before entering the next process.

Besides, to assist customers in developing new products, Chiuan-Yeou can provide professional technical advice and complete quality equipment for testing.

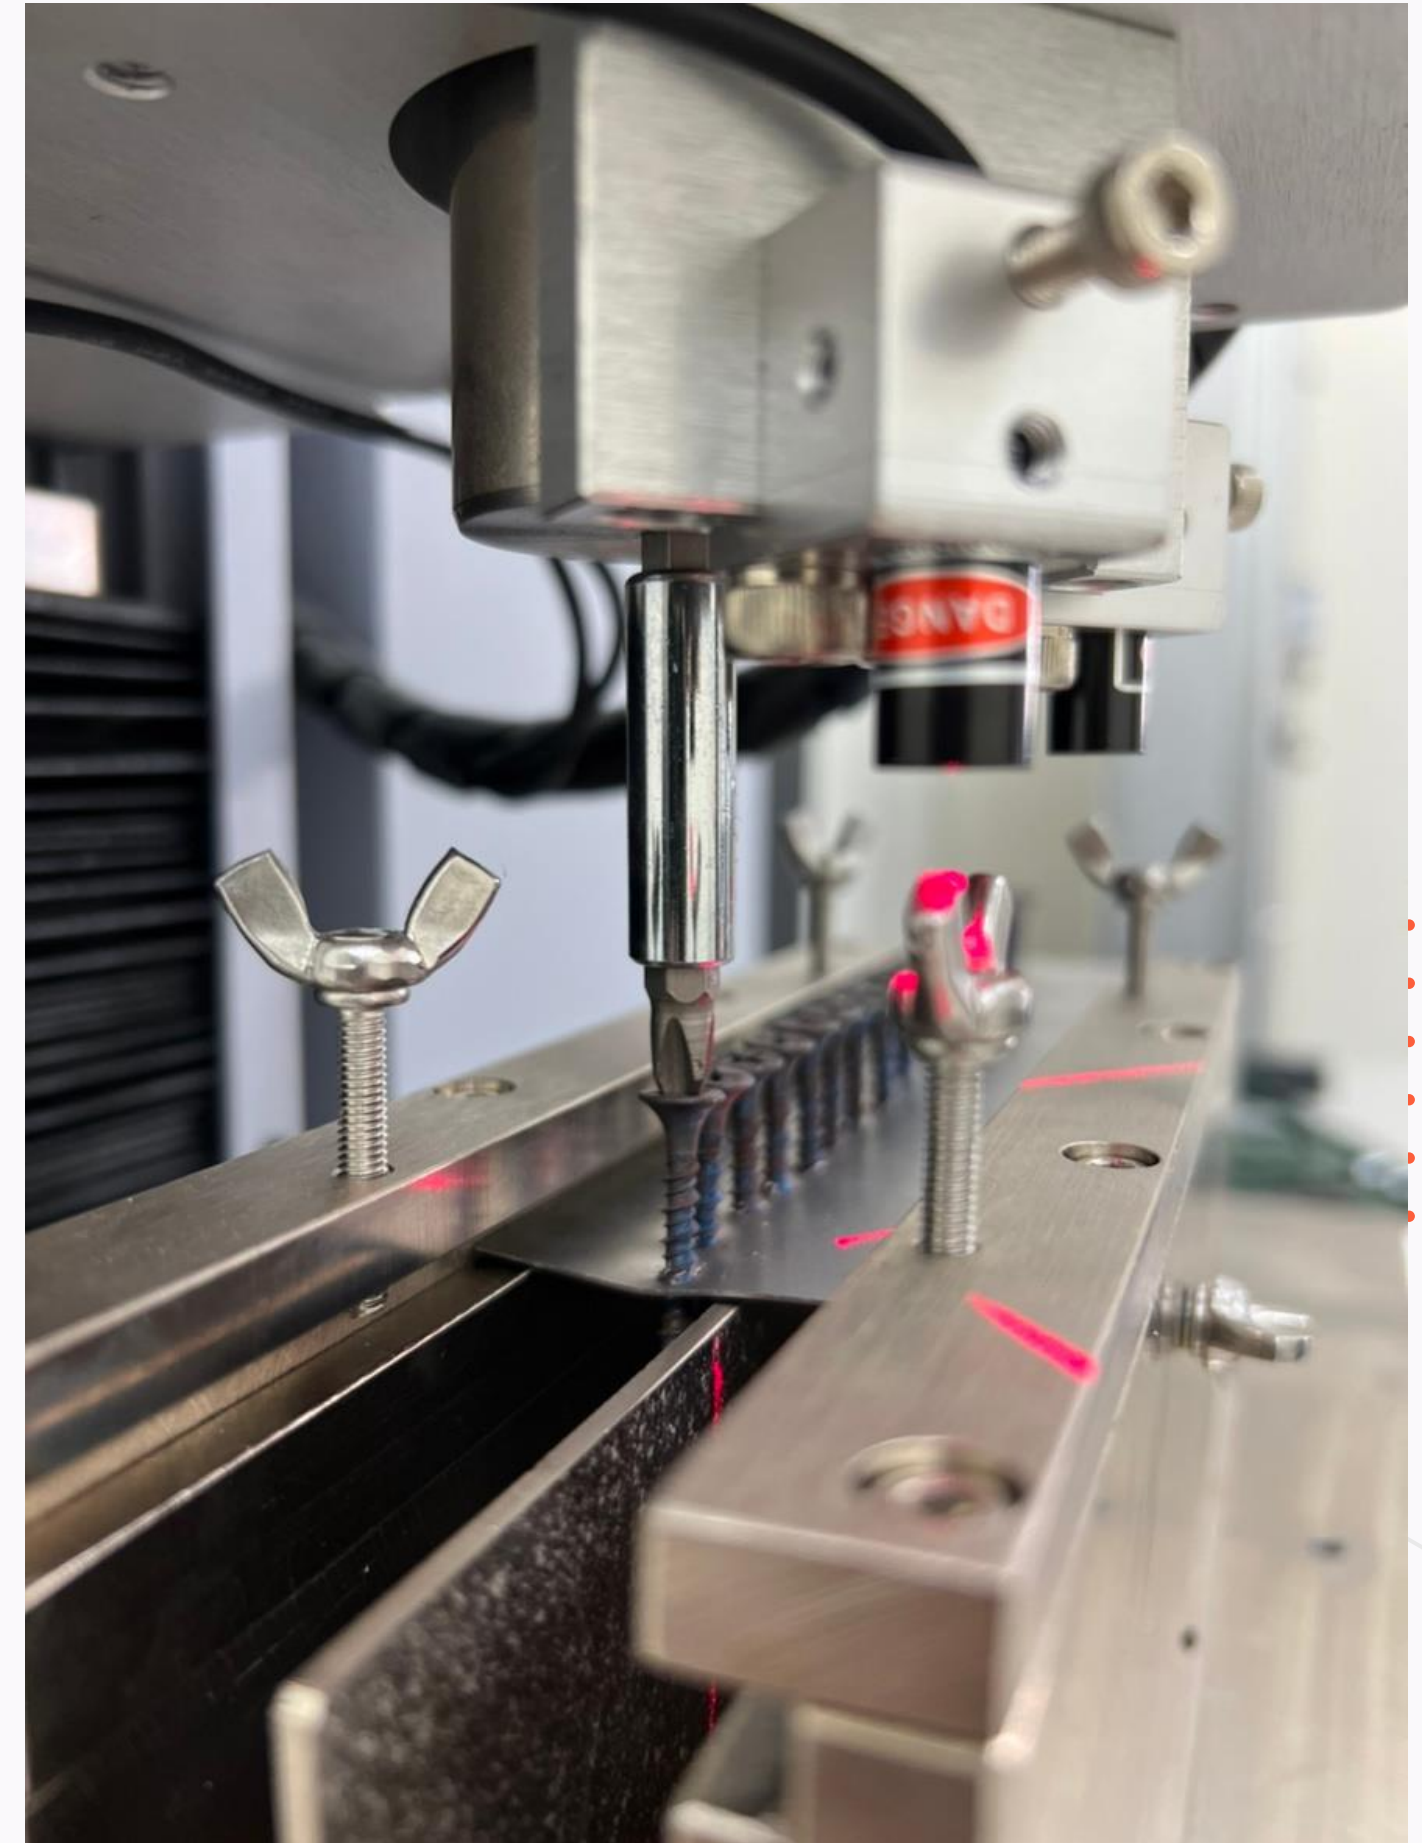

Vision

Pursue product innovation and upgrade quality level to satisfy customer and become a reliable supplier for customers.

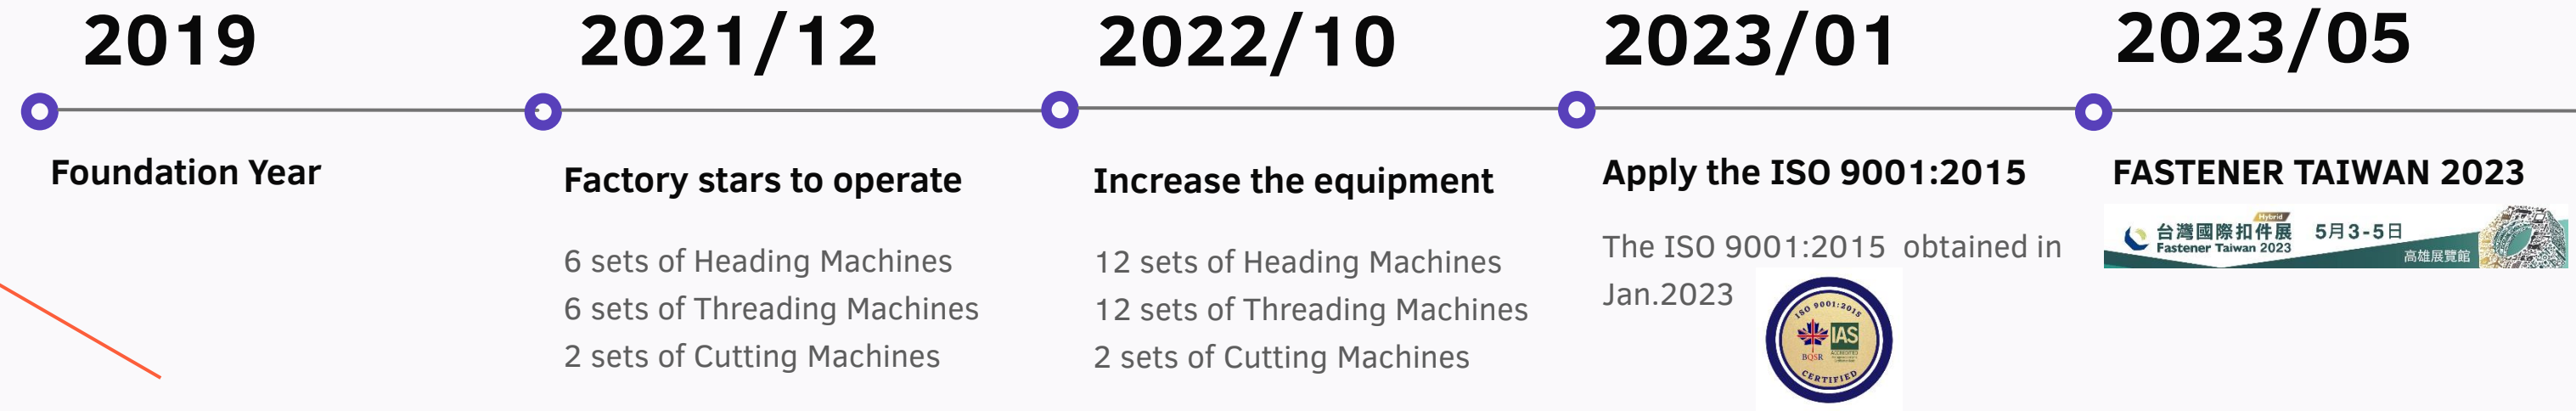

Entrepreneur Spirit

Quality guarantee,
Team Efficiency,
Continuous innovation

Company History

Production Department

Threading Machines

- 12 sets of Heading Machines
- 12 sets of Threading Machines
- 2 sets of Cutting Machines

Heading Machines

Cutting Machines

Production Department

Solar Energy Facility

Carbon Reduction Screen

Production Department

CNC for Fixing tooling

Wire Storage Area

Production Department

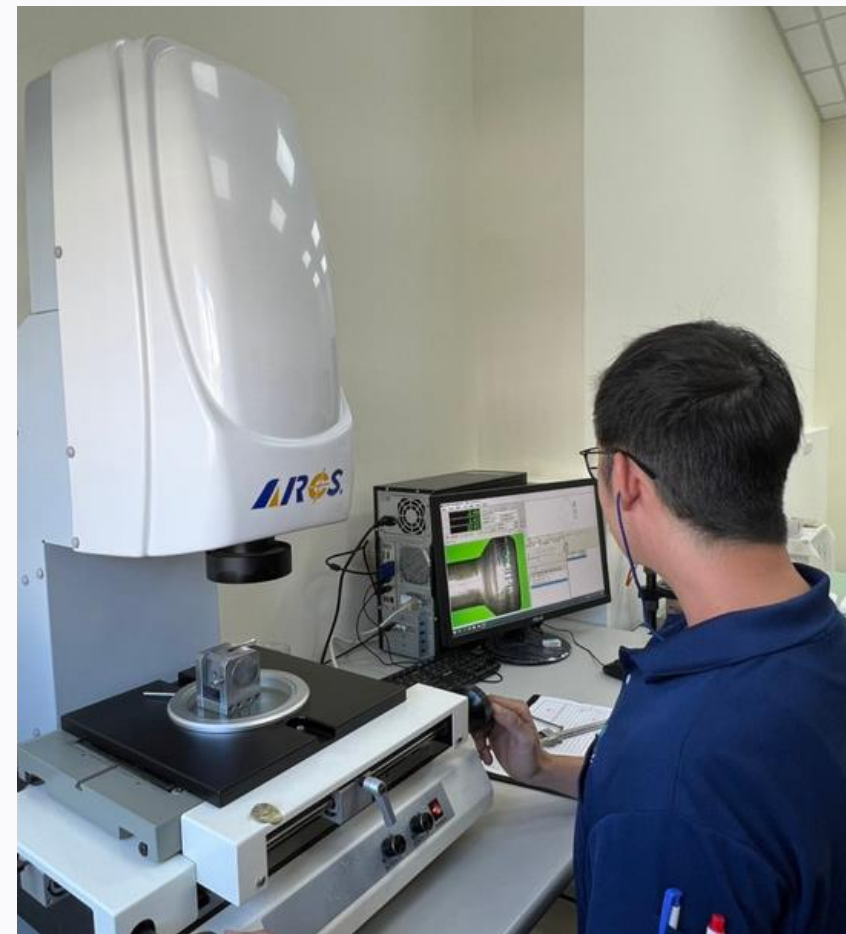

Dust collection Facility

Oil Re-cycling Facility

Quality Department

-  Screw Drilling Tester
-  Depth Gauge
-  Vernier Caliper
-  Tensile Testing Machine
-  Head Thickness Measurement Machine
-  2.5D Coordinate Measuring Machine

Products

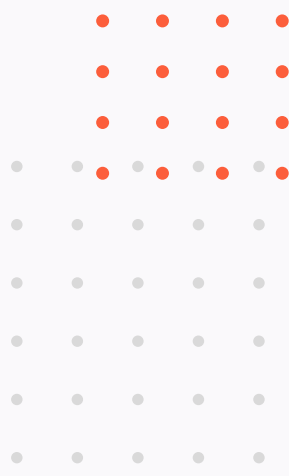

Material :

-  Carbon Steel
 - C1022, C10B21, C1008
-  Stainless Steel
 - SUS410, SUS430, SUS304, SUS316

Product Category :

-  Customized screw
-  Tapping Screw
-  PT Screw
-  Machine Screw
-  Self drilling screw
-  Wood Screw

Products

Capability/Month :

 20,000 MPCS/month

 200 ton/month

Surface treatment :

 Zinc plating(Cr3+)

 Black zinc plating(Cr3+)

 Geomet

 Ruspert

 Passivation

 Passivation+wax
